

February 2024

Dear Sai Brothers and Sisters,

I hope this letter finds you in good health and high spirits. As the coordinator of the SSSGC EU Media Team, I am writing to share an initiative that is close to our hearts and of significant importance to our community: the archiving, and restoration, and preservation of the content in VHS tapes featuring Bhagavan Sri Sathya Sai Baba.

Our beloved Swami's darshans and discourses, captured on these magnetic tapes, are invaluable treasures. As time passes, the quality of these recordings deteriorates, threatening the loss of priceless wisdom and moments. It is imperative that we act now to save these contents from the ravages of time and ensure they are preserved for future generations.

I would like to thank Brother Shitu Chudasama, our Zone 6 chairman, for his support and greenlighting of the project.

We are establishing a central postal address in the UK where these tapes can be sent for basic digital conversion to DVD or digital files. Once the initial conversion is complete, our EU Media Team will take over, ensuring the meticulous archiving and restoration of these recordings. The videos will be released on our SSSGC Europe YouTube channel, where the Sri Sathya Sai Media Centre has full ownership and copyright management.

I urge all devotees and well-wishers to contribute to this project by sending any VHS tapes they may have. Your cooperation and support will play a vital role in preserving Swami's legacy for posterity.

Thank you for your attention and assistance in this noble endeavor.

Yours in Sai Service,

Antoni Griera
